Silver Wedding Package

The Ardent Productions Silver Wedding Package is designed to be moderately priced, but includes additional shots that would otherwise not be included in the Regal Package. Much like the Regal package, this includes a two camera shoot of the ceremony. This package also includes two cameras at the reception in order to get the best possible coverage. Wireless microphones will also be placed during the ceremony so every word can be heard. This package also allows for a 'roaming camera' so individuals can tell the couple best wishes for a happy life together. This package has more coverage and additional benefits which allows for more creativity in your finished DVD because as you know, this day only happens once.

Two cameras for the ceremony and two cameras for the reception.

Events at the reception include:

- Toasts
- Dances
- Bouquet/Garter Toss
 - Cake Cutting
 - Introduction

Price: \$1100.00

\$150.00 non-refundable deposit required at time of signing.

Includes five edited DVD's and one master copy.

Golden Reality Package

Ardent's new package is one of our most popular. If you have ever wanted your own reality show with a professional touch, then this 'out of the box' option is for you. This package includes the professional and customized filmed ceremony as the other packages. However, this package has 'behind the scenes' features which puts a camera

with the bride and groom before their big moment. This allows unprecedented access that will be recorded for years to come. This type of 'reality show' type filmmaking only covers the non-traditional moments, such as pre-interviews, post-interviews, and a camera following you around most of the day, all while giving you the privacy you need and deserve. If you want your video to include a professional touch with a behind the scenes feel, this package is definitely for you!

Two cameras for the ceremony and two cameras for the reception.

Price: \$1600.00

\$150.00 non-refundable deposit required at time of signing.

Includes five edited DVD's and one master copy.
